**Please address the following items in an attached document.**

Provide a summary of the project implementation to this point.

Describe how the Haitian twin and Richmond twin have, and are working together in the implementation process.

Submit a financial report of funds expended (give a break out of Battaglia funds expended and matching funds expended). Please note any discrepancies and reasons for discrepancies from the original budget submitted.

Submit an anticipated budget for the remainder of the project (give a break out of Battaglia funds to be expended and matching funds expended). Include any anticipated adjustments in the original budget and reasons for adjustments.

Describe how the impacted individual or community is benefiting from the project so far?

## Battaglia Fund Final Report

Please submit this report at the conclusion of the project implementation period and return to:

**Please address the following items in an attached document.**

Provide a summary the project implementation.

Submit a final report of all funds expended including Battaglia Funds and matching funds. Please describe any discrepancies from the original budget and reasons for discrepancies.

Describe how the Haitian twin and Richmond twin have worked together in the implementation process, the evaluation and reporting process?

Describe how the impacted community has benefited from the project?

Describe any unexpected challenges and adjustments from the original plan during the implementation of the project.

How have you and your twinned parish's relationship grown and benefited from this experience?

What have you learned from the experience?

Based on your original application what were the outcomes of the project?  
What were some of the unanticipated outcomes?

Describe how the project will continue to be self supporting and sustainable.
