To reward successful schools, the U.S. Department of Education established the *No Child Left Behind - Blue Ribbon Schools Program* to honor those elementary and secondary schools in the United States that make significant progress in closing the achievement gap or whose students achieve at very high levels. The program recognizes and presents as models both public and private elementary and secondary schools that meet either of two assessment criteria.

It recognizes schools, regardless of their demographics, that are in the top 10 percent of schools as measured by state tests in both reading (language arts or English) and mathematics or that score in the top 10 percent on assessments referenced against national norms at a particular grade in at least the highest grade tested in the last year tested.

These Blue Ribbon Schools are honored at a Washington, DC ceremony. In addition, the winning applications are posted on the [Department of Education website](#).
